

FERDOUS KARIM LUCY

ferdouskarimlucy00@gmail.com | (+880) 1787045488 | Dhaka, Bangladesh | [linkedin.com/in/ferdouskarimlucy](https://www.linkedin.com/in/ferdouskarimlucy)

PROFESSIONAL SUMMARY

Biomedical Engineer with 4+ years of experience in medical data processing and quality assurance. Published researcher with expertise in literature review, data analysis, and academic writing. Proficient in MATLAB, Python, and MS Office; familiar with reference managers (Mendeley) and research databases (Google Scholar, Scopus). IELTS 7.5 (C1). Seeking to contribute to rigorous research, publication support, and data-driven knowledge building.

RESEARCH EXPERIENCE

Undergraduate Thesis (Published) | 2020–2021

Military Institute of Science & Technology (MIST)

- Title: "Video-Based Non-Contact Monitoring of Respiratory Rate and Chest Indrawing in Children with Pneumonia" — DOI: 10.1088/1361-6579/ac34eb
- Conducted systematic literature reviews and built video/image processing pipelines in MATLAB for pediatric respiratory monitoring.
- Validated system against clinical benchmarks; outcome: peer-reviewed journal publication in biomedical signal processing.

Undergraduate Project | 2019

Military Institute of Science & Technology (MIST)

- Title: "Disease Detection by Observing Human Eye Images Taken by Fundus Camera"
- Developed MATLAB image processing algorithms (sampling, filtering, segmentation, histogram analysis) for fundus image-based disease detection; skills fed directly into published thesis methodology.

PROFESSIONAL EXPERIENCE

Quality Assurance Associate | Augmedix Bangladesh, Dhaka | January 2025 – November 2025

- Reviewed and validated medical documentation for accuracy, consistency, and regulatory compliance.
- Identified errors and provided structured feedback aligned with clinical QA guidelines; maintained audit trails for data integrity.

Medical Data Processor | Augmedix Bangladesh, Dhaka | July 2021 – December 2024

- Monitored and processed adverse event reports for rheumatology, osteoporosis, gout, and immunology medications.
- Ensured regulatory-compliant documentation of drug side effects; supported global pharmacovigilance data collection and reporting.

Associate Director | Shabash Fakibaj™ LLC, Dhaka | July 2024 – Present

- Led Content Writing and Report Management teams; oversaw research documentation, editorial workflow, and team performance.

Content Creator | Shabash Fakibaj™ LLC, Dhaka | August 2021 – June 2024

- Led writers to produce clear, accurate, audience-aligned content; managed editorial quality and organizational standards.

Biomedical Engineering Intern | BSMMU Hospital, Dhaka | December 2019

- Gained hands-on exposure to medical device installation, maintenance, and QA: patient monitor, ventilator, anesthesia machine, infusion pump, dialysis machine, CT, MRI, and PET scan systems.

EDUCATION

B.Sc. in Biomedical Engineering | Military Institute of Science & Technology (MIST), Dhaka | 2017–2021

- CGPA: 3.86 / 4.00 (160 Credit Hours) | Dean's List—3 consecutive years | Merit Scholarship—6 semesters

TECHNICAL SKILLS & TOOLS

- Programming & Analysis: MATLAB, Python, R, C
- Research & Referencing: Google Scholar, Scopus; Mendeley
- Documentation: Microsoft Word, Excel, PowerPoint
- Engineering Software: AutoCAD, SolidWorks, LabVIEW, ANSYS, COMSOL, Simulink, Proteus, PSpice
- Languages: English — IELTS 7.5 Overall (C1) | *October 2025*

CONFERENCES, SEMINARS & TRAINING

- Webinar on Biosafety for Clinical and Public Health (September 2020)
- Workshop on Biomedical Imaging (August 2019)
- World Birth Defects Day: Social Awareness and Prevention (March 2019)

Hospital & Research Facility Training Visits: Gained interdisciplinary biomedical and clinical exposure across multiple institutions.

- Institute Of Nuclear Medicine & Allied Science (INMAS), Dhaka (2019)
- Centre for the Rehabilitation of the Paralyzed (CRP), Savar (2019)
- Dhaka Medical College, Dhaka (2019)
- The National Institute of Traumatology & Orthopedic Rehabilitation (NITOR), Dhaka (2018)
- Ahsania Mission Cancer Hospital, Savar (2018)
- Armed Forces Institute of Pathology (AFIP), Dhaka (2017)
- Combined Military Hospital (CMH), Dhaka (2017)

ACHIEVEMENTS & ACTIVITIES

- MIST Dean's List — 3 consecutive academic years; MIST Merit Scholarship — 6 semesters
- First Runner-Up (Team) — National Cultural Competition ANGKUR, organized by MIST Literature and Cultural Club (two consecutive years)
- Senior Advisor — Einthoven Club, Dept. of BME, MIST
- Volunteer — BME Fest and ROBOLUTION National Robotics Event, MIST (1000+ participants)
